Everything Ready For Big Weekend

Committee heads reported at the final meeting of the Klondike Kampers Karnival general committee Monday afternoon and all reported arrangements proceeding satisfactorily for the big summer festival this weekend, July 15th and 16th.

With the carnival only days away all that remains is the wrapping up of final details to get the show underway.

Although billed as a Friday and Saturday event the Klondike Kampers Karnival actually starts Thursday evening with downtown entertainment that will include the Huntington Park Band from California and local entertainers.

Stores will be open Thursday from 7:00 - 9:00 p.m. but will not be open for the usual Friday evening shopping.

The parade, which had about 62 entries Monday, will be a feature of Friday morning. The parade route is printed elsewhere in this newspaper.

Cont. from Page 1

The river grounds will be a bee-hive of activity throughout the week-end with midway and concessions open both days. Also at the river grounds will be a gymkhana, scooter races, air sh w d the arrival and depar f canoes taking part in the W te Water Race.

Cam pin facilities are also available at the river grounds.

Dow town entertainment will also follow the parade with Edmonton's Klondike Kate and the Huntington Park Band. Also entertaining downtown will be Curly Gurlock and the Rogers Brothers from Radio Station CFCW.

Queen contestants will also be seen downtown along with the beard judging contest at 12:30 p.m. Three judges will attempt to sort out the winners in a variety of classification of facial foliage.

Queen committee, dance, grounds, flying and canoe committee were among those reporting all in readiness for the weekend.

Ac mmodation has now been arran ed for about 75 of the young people playing in the Huntington Park Band. A few more are required and families who could put up one or two of the youngsters for Thursday evening are asked to contact Les Gamblin.

Help is also required for the Barbeque and about three more men are needed. Anyone who would like to volunteer his assistance is asked to contact Bob Mayhew at either 542-3391 or 542-3577.

The cross-country race that will cover a four-mile course ending at the river grounds is expected to have somewhere in the neighborhood of twenty entries. The raft t race also has 15 or 20 applicants ready to try their luck on the tricky Saskatchewan river course.

Arrangements have been made to have three or four experienced gold panners on hand to show greenhorns how the oldtimers worked the river. A collection of rocks and artifacts will also be displayed by Fred Cameron whose large collection is well-known to many local residents.

Editor's Note- The foregiong summary of Monday's meeting does not attempt to detail all the events of Klondike Kampers Karnival.

A tremendous amount of work during the past several months has gone into planning and preparing for this event.

The weekend's program is printed elsewhere in this newspaper--read it over and note the large varitey of events planned for the weekend.

Make plans to attend and bring the family--hard -working committees have attempted to attend to every detail from the smallest to the largest to make sure that everyone enjoys an entertaining weekend.

Present were: Messrs. F. M. Maddock, E. R. Lewis, G. E. Jouan, K. R. Goble, and Wm. Barth, trustees, also Superintendent of Schools, Mr. F. Hannoc[illegible]o and Secretary-Treasur[illegible] A. W. Boychuk.

It was [illegible]oved and carried that reso[illegible]ution No. 12 dated January 4, 1966 be rescinded and that the Board continue to finance school buses in approved cases as previously.

Mr. J. H. Kulak of Decker's Insurance Service came to see the Board regarding pupil accident insurance for the coming year. He submitted proposals with a varity of options and was informed that this matter will be considered and he will be advised of the Board's decision.

Miss Johnson and Mrs. Lundy came to see the Board regarding the Indian pupils from Duffield attending school at Stony Plain. They would like to send 18 grade IX students, 1 grade X and 1 grade XI com[illegible]mencing September 1, 1966. The committee was advised that the Divisional Board is prepared to accommodate these pupils in Stony Plain next school term.

It was brought to the attention of the Board that the borrowing for the Entwistle addition has bee[illegible]n approved. Advice was received from the School Buildings Board that ske[illegible]h plans were approved sul[illegible]to the following co[illegible]: 1. Provide an altern[illegible]exit from the science roo[illegible]the corridor. 2. Reverse [illegible]he swing of the science prep. room door as shown. The School Buildings Board has indicated that every attempt should be made to remain with in the 60/40% instructional/non-instructional ratio. The sketch plans is presently computed at 56.8/43.2%. The School Buildings Board has established the following as excess area: Circulation Space 75 sq. ft.

On the basis of $15.00 per square foot the total excess area of 75 square feet will cost $1,125.00. Should the cost per square foot exceed $15.00 the total cost of the excess space will, of course, be increased. Furthermore any incurred by the School Board for excess area is not eligible for debt servicing by the School Foundation Program Fund.

The cost of excess areas will not be included in debentures prepared by the Department of Education for sale to the Alberta Municipal Financing Corporation. This is the policy of the Municipal Financing Corporation.

The School Buildings Board has tentatively approved a gross area of 6,735 square feet in regard to this project.

The Board was advised that the borrowing for the Stony Plain Vocational Wing was approved but that the final plans are not quite ready. It was moved and carried that tenders be called for the Stony Plain Vocational Wing as soon as final plans are ready.

Mr. Gunter Schmidt, who was conveying pupils from Cynthia to Lodgepole came to see the Board regarding busing arrangements for the coming year. He has a 72 passenger bus and there will be about 35 students coming from Cynthia to Drayton Valley. He was advised that his daily rate will be about $41.26 according to the new schedule for contract buses.

It was moved and carried that Gunter Schmidt be engaged as bus operator from Cynthia to Drayton Valley effective September 1, 1966.

It was mentioned to the Board that the Annual Convention of the A. S. T. A. is to be held at the Calgary Inn in Calgary on November 6th to November 10th inclusive. The secretary was instructed to make reservations for all Board members.

Centennial Report

1867 1967 by JOHN W. FISHER CENTENNIAL COMMISSIONER

I wish the Centennial Commission could buy a ticket and the travel fare for every person in Canada to see Expo 67 next year. But I just don't have the budget to do that.

Millions of Canadians won't see Expo but most of those who can't make it to Montreal will be able to see some Centennial spectacular in the nearest city. Canada's leading events are shared by all parts of the country. It could be a performance of the Canadian Armed Forces Tattoo, one of the largest spectacles of its kind ever to be presented in North America. It could be the touring Centennial air show with thrilling flying by the Forces' formation aerobatic team of pilots specially picked for the 1967 celebrations.

Those living on or near the coasts and waterways will be able to see impressive naval assemblies of the majestic ships of Canada's forces and the navies of a number of other countries.

In major cities there will be dazzling performances on stage by top artists from Canada and abroad. There will be art shows and there will be sporting events such as the Pan American games at Winnipeg and the winter games in Quebec.

Proposed international events in Canada next year include: a balloon race across the prairies; world snowshoe championships; a North American ski championship meet and international ski jumping competitions near Ottawa; an international air show at Abbotsford, B.C.; international motorcycle races near Toronto: world hydroplane championship races at Valleyfield, P.Q.; and a water skiing world championship meet at Sherbrooke, P.Q., to mention a few.

The point I make is that no one who can't afford that trip to Montreal should be disappointed about Centennial Year. In the realm of spectacular events there will be something to see in every major Canadian city.

The small towns as well, with visits by the touring Centennial Caravans carrying fascinating exhibits of Canadiana and their own community Centennial events, will be gay attractions during 1967.

For those unable to leave their own homes — even shut-ins — the year 1967 will be a special one. With our coast to coast radio and television communications of today all will be able to witness or listen to the great sporting events, see or hear Centennial performers, follow the 4,000 mile canoe race — in fact, they will be able to enjoy many of the events I mentioned above by electronic means. The Canadian Broadcasting Corporation has great plans for Centennial coverage and so have the magazines and newspapers of Canada.

It's going to be a big birthday celebration and no one is going to be left out of the party. There will be something for everyone — young or old — to do, to see and to be happy about. Not the least important event to be happy about is that this young, vigorous country is moving into its second century of Confederation with a bright future ahead.

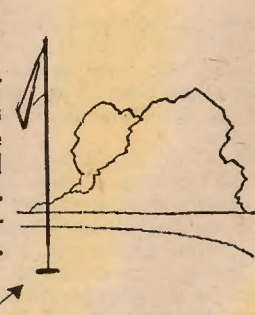
VISUALIZE PATH OF PUTT
BEFORE STROKING BALL

Good putting comes largely from a sound stroke and a good deal of practice. However, imagination can also be a vital factor.

Most of the best putters actually "see" in their mind's eye the path their ball will take to the hole. Some even "see" the ball rolling toward and into the cup — before they putt.

I suggest you visualize your putting line as you address the ball.



Then transfer your attention to your hands. Think about how they will feel as they stroke the ball along this line and into the cup.

If you can successfully visualize the line and then mentally preview the movement of your hands BEFORE you putt, you will be astounded at the improvement in your game on the greens. Such a high degree of mental development takes time and practice, but it will pay off.

Advance spokesmen for the big tented Carson and Barnes Combined Circus today officially announced that their famed 3-ring tented circus billed as "America's 2nd largest Circus", will exhibit in Drayton Valley for one day only on Tuesday July 26 at the Lions West Valley Park; for performances at 2:30 and 8:00 p.m. The circus is under the auspices of the Drayton Valley and District Chamber of Commerce.

The big show is presenting as it's featured star, the celebrated TV hero and star of his own long-time television series on CBS-TV network, SKY KING, otherwise known as Kirby Grant. The popular "SKY KING will appear in person at all performances of the circus.

The Carson and Barnes Circus, now in it's 57th annual nationwide tour of the U.S. and Canada, is considered the 2nd largest of the travelling tented circuses in America today and the circus spokesman emphasized that it is "a real old-fashioned exciting American traditional-type of 3-ring circus under a real big tent, complete with a real circus band."

The circus advertises the largest traveling zoo and menagerie on tour anywhere in America or Canada today, and it includes scores of rare wild animals including the largest hippo' in captivity, rhinos', zebras, camels, bears, wild jungle cats, apes, monkeys, etc.; plus the gigantic herd of performing elephants starring "Joske", the largest elephant on the North American Continent.

There will be 24 top circus acts and features in the 1966 all-new production including high-wire thrillers, dazzling aerialists, tightwire wizards, juggling champions, a beauteous aerialist famed for hanging solely by her hair from a dizzy height near the big top dome, acrobatic stars and gorgeous "big top starlets" performing in mid-air aerial ballet fantasies. A contingent of hilarious clowns is also promised.

The big show will arrive at daybreak on circus day and the vast and always interesting to watch unloading and setting up of the "tented city" will take place immediately after arrival, circus spokesmen added.

Everyone is invited to the circus grounds to watch the activity and see the feeding of the animals. All free, of course.

Paddlers Prepare For White Water Race

The "longest and richest canoe race in North America," the annual Alberta White Water Canoe Race, will be held July 15 - 17.

At least 40 canoes are expected to enter the treacherous North Saskatchewan River, at Rocky Mountain House, for the three day, 176-mile trip to Edmonton. The canoeists will make overnight stops at Drayton Valley and Devon, where a wide variety of community activities have been planned for the paddlers, and the thousands of spectators expected to watch the thrilling race.

The race offers over $3,000 in prize money, and the Labatt's Challenge Trophy. The 1965 champions, Gib McEachern and Norm Crerar of Flin Flon, Manitoba, have entered this year's race, and other entries are expected from throughout Canada, including at least one team from Quebec. A total of 84 teams entered last year's race, although only 43 managed to complete the rugged course.

The faster teams are expected to make excellent time on the fast-flowing North Saskatchewan River, which is running "very high," according to A.P.A. officials. They say the River may "be even higher than last year," when the McEachern-Crerar entry completed the run in only 15 hours and 36 minutes, well under all estimates.

EVANSBURG NEWS

Well, the Supercontinental brought me to Prince George and back again quite safely. I attended my sister's wedding and saw all my family for a few days. Also was away while it rained for a couple of days here and the sun shone over that part of B.C. anyway.

The Lobstick-Pembina 4-H Beef Club members took part in the recent sale of 4-H calves in Drayton Valley. The champion steer was found belonging to Andy Kreminiuk of our club so everyone was quite happy.

We welcome to the district, Mr. and Mrs. Keist and family Mr. Keist will be the principal of Evansburg school for the coming year. The family is living in the house formerly occupied by the J. Tompkinson family but now belonging to the school division.

Mrs. Mazappa, senior, has her brother and his family from Trail B.C. area visiting at her home.

At the Senior Bruner home is Mrs. Abel from Vancouver come to visit her mother.

The residents of the Holly Springs district and also from districts around had a very successful picnic on the first of July.

We see the village streets are being numbered and all homes will be assigned numbers. Wonder if our house will receive one, being so far from the village centre.

Riding along on the same train as I was, and travelling from Prince George where they now make their home were Mr. and Mrs. Neighbor coming to Evansburg to visit Mr. Neighbor's father.

Passing through and calling on friends was Mr. Fred Gough now living in Ottawa. Mr. Gough was in charge of the V.L.A office here in the village before being transferred east.

COUPLE HONORED

About 40 relatives and friends helped to celebrate the 25th anniversary of Grace and Howie Jazen at a lawn party at Alberta Beach on July 9th.

Water Skiing WITH CLINT WARD

10

The correct skiing stance can be demonstrated on land. After you have practiced the correct sitting position and the technique of standing up with your legs and not pulling up with your arms, you can be shown the correct skiing stance. The body should be leaning back, away from the pull of the rope, with your back arched. Arms must be straight. Legs slightly bent at the knees and relaxed so that any shock from rough water can be taken up by flexible knees acting as shock absorbers. Keep the head up and look straight ahead. Do not look down at the water.

It is bad form to bend forward at the waist, and, more important, it is very tiring. If the arms are not kept straight during the learning stages a fall almost always results. If you do not relax but instead keep your legs stiff you will "bounce" across rough water and may lose your balance.

D. V. Highlights

BY MRS. EDITH DEBY

Miss Karen Moffatt, of Lethbridge, has been the guest of Miss Joanne Chenery for the past ten days.

Mr. and Mrs. Dan Bills, Peggy, Jerry and Jimmy Tucker are enjoying a trip that so far has taken them to the Okanagan and Vancouver Island.

Mr. and Mrs. Fritz Joesting celebrated their fourtieth wedding anniversary last week. Son-in-law and daughter, Mr. and Mrs. Ted Tucker entertained at dinner for members of the family and close friends. Mr. and Mrs. Joesting have three children: Evelyn (Mrs. Ted Tucker) Doris (Mrs. Walter Lainchbury) and Martin. All are residents in the area. Warmest good wishes for many more happy anniversaries, Mr. and Mrs. Joesting.

Mr. Sam Parenteau was called to North Surrey hurriedly last week when His brother, George, succumbed to a heart attack. Mr. George Parenteau served with distinction in the R.C.A.F. during the last war. For the last twenty years he has been a barber in North Surrey and New Westminster.

Mr. Parenteau leaves his wife, Irene, and two sons, David 9 and Robert 5.

Mr. Parenteau was one of ten children. He is survived by Miss Eva Parenteau of St. Albert; Mrs. Rose Foulds of New Westminster; Mrs. B. Dow of Hay River N.W.T.; Daniel of Stettler; Art, Jules and Sam of Drayton Valley. Mrs. Philip Hebert and Mrs. N. Jarvis predeceased their brother.

Mr. and Mrs. Claude Hellyer of Calgary have been visiting Drayton Valley pioneers and the children of pioneers lately. It was in 1913 that Mr. Hellyer first saw Drayton Valley. He was a very good friend of the late Jack Tucker and loves to reminisce about those early days. Mr. Hellyer says that food was was so scarce in those far off days that gophers were the main item on the menu. We should not like to suggest that Mr. Hellyer's memory is at fault but since there are not and never have been gophers in Drayton Valley do you think he could have intended to say musk ox? Included in the Hellyer party is Mr. and Mrs. Thomas Cullen, nee Elsie Hellyer, and Craig Howston all of Nanaimo.

Mrs Olga Wiechert, Mrs. William Holmes and Mr. Otto Stordalsvoll left for a visit with relatives and friends in Creston.

Mr. and Mrs. J. R. Fullerton, Bob and Susan, of San Diego, California, were guests of the Walter Krauses for ten days. The Krauses did not let the inclement weather prevent them from showing their guests points of interest in and around Edmonton. The holiday ended with a trip to Jasper and Banff.

CANADA'S CENTURY

A news background special on the Centennial of Confederation

These Were The Voices Of Reform

(Eighth Of A Series)
By WALT McDAYTER

To say that Canada has a two-party system is somewhat misleading. There have, in fact, been many "third" or minority parties, in both the provincial and federal fields, and they have played a vital part in our politics.

None of the third parties have ever come close to forming a government in Ottawa, but as Opposition members, they have traditionally been the great agitators for reform. It has been the clamor of the smaller parties that often roused the Liberals and Conservatives into action, keeping them from becoming anesthetized by the security of their office.

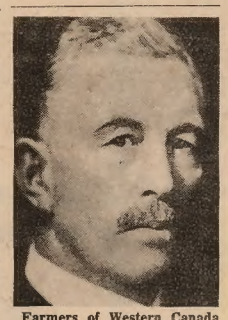
Many of these smaller parties were born in the period of national economic flux following World War I. Most powerful were those formed to protect the interests of farmers in an advancing industrial age. They did particularly well in provincial politics. In 1919 the agrarian community voted in full strength to put the United Farmers' of Ontario party into office in that province. Two years later, the United Farmers of Alberta formed the Government in Alberta.

Farmers' movements have had some success in federal politics as well. In 1921 their Progressive party won 65 seats in the Commons, mostly Western ridings. Their platform included tariff reductions, especially on foodstuffs, increased Imperial preference, graduated taxation on income, and Senate reform. So popular was this platform that the Liberals swallowed it almost whole, and the Progressives gradually disappeared from the scene.

In the same year that the Progressive party was at its zenith, another political star was rising in Canada . . . the red star. It was in 1921 that the Canadian Communist party was formed. The name was changed to Labor-Progressive party in 1943. The red star, even under its less offensive name, never reached any great height.

The socialistic Co-operative Commonwealth Federation party was a child of the depression, founded and headed in 1932 by the gentle genius, J. S. Woodsworth. This party pioneered many of the social welfare plans which have since been adopted by the two old-line parties. These include ideas such as a national pension plan, compulsory hospitalization insurance, and medicare. In 1961 the CCF became the New Democratic Party, under the leadership of T. C. Douglas. It was Tommy Douglas who created North America's first socialist government, in Saskatchewan, 1944.

The CCF was left-leaning, but in 1935 in the Canadian west a party emerged championing both economic radicalism and conservatism. Social Credit was the brainchild of an Anglo-Scot, Maj. C. H. Douglas, and is a party advocating rigid governmental price controls and a monetary policy alleged to be a cure-all for the whole Canadian economy. This party, guided in 1935 by William Aberhart, won the Alberta elections, and has retained power ever since. In 1952 the Socreds formed the Government in British Columbia as well. They have made almost no impact on the federal Government, however, and in the provincial sphere have not been able to put any of their monetary theories into practice.



Farmers of Western Canada found a champion in T. A. Crerar. In 1921 his farmer-supported Progressive party won 65 seats in the House of Commons. He resigned in 1922, and the Progressive party gradually disintegrated.

J. S. Woodsworth, founder of the CCF in 1932, was one of Canada's greatest humanitarians and foremost social pioneer. In his 20 years as MP, he fought tirelessly to better conditions for wage-earners and farmers.

Another right-wing movement started with the Union Nationale party, which under Maurice Duplessis' leadership evolved into a strong force in Quebec. Union Nationale was the zealous defender of Quebec's provincial autonomy, and predictably never moved outside the French-Canadian province. Its power waned following the death of Duplessis, and it was defeated in the 1960 Quebec election after having held power 20 years.

Quebec also has produced its own parties in the federal field, ranging from the Nationalists of Henri Bourassa's day to the Bloc Populaire of World War II and the Creditistes of Real Caouette, who broke from the Social Credit party.

Canada's political parties have been much splintered in recent years, but some political experts think a day is coming when there will be a re-grouping into two main parties, one of the left and one of the right.
